

Art Fair

The Galleries Show

19–23 April 2006

Events

Extra City has developed a public program for The Galleries Show in order to complement the presentation of works and organizations with a theoretical framework that is inspired by the practice of the different relationships and energies that galleries connect or negotiate, with a focus on how they contribute to, or integrate in future scenarios for art's production and dissemination.

The program is inspired and initiated by the galleries in collaboration with Extra City.

Admission is free for all events upon presentation of a valid fair ticket.
